Evening Program:
The 2016 Title 24 Part 6: Energy Code Standards are Here and What is Coming!

Join us to hear about the current energy code compliance changes and what is coming as we head toward Net Zero Energy (NZE) in 2020 for residential new construction and NZE for new commercial construction in 2030.

Presented by: Dave Hegarty,
President of DuctTesters

Credit: 1.5 HSW/CEU’s
Date: Wednesday, January 18th, 2017
Time: 6:30 P.M.
Place: AIA/SFV Chapter Office,
5121 Van Nuys Blvd.,
Sherman Oaks, CA 91403
Cost members: Cash or check = $20.00
Credit card = $22.00
Non-members: Cash or check = $25.00
Credit card = $27.00
RSVP to the Chapter Office:
(818) 907-7151 or edirector@aiasfv.org

DuctTesters is an energy consulting company covering Title 24 part 6 Energy Code Compliance Design and Modeling, HERS Verification, HVAC Mechanical Engineering Plans, Federal Energy Tax Credits, and other certified third-party verification (Solar, ENERGYSTAR, GreenPoint Rated, LEED, CAHP, TCAC, Home Energy Audits, etc). DuctTesters has completed over 2,000 projects ranging from custom/production/owner residential homes to multi-family/commercial/affordable projects. The company covers the entire state of California and select areas of Nevada, Arizona, Texas, New Mexico and Colorado.

Dave Hegarty has been performing duct tests, energy consulting and Title 24 expertise since 1998. He officially founded DuctTesters, Inc. in 2004. Dave is licensed and certified by CalCERTS, CHEERS, BPI, LEED, HERS, HERS II, GreenPoint Rated, NGBS, and Thermographer. Dave's certifications include: 2016, 2013 & 2008 Residential and Non-Residential New Construction, Residential and Non-Residential Alterations, Whole House Rater, RCA 2, RCA 1, EnergyStar, EEM, undefined, and Photovoltaic (Solar Electric). Dave is a past recipient winner of being the GreenPoint Rater of the Year.

Dave began his energy consulting career active in the RCP Program (Residential Contractors Program) and continued further by obtaining CHEERS (California Home Energy Efficiency Rating Services) Certifications. A few years later, he began participating and training with the CBPCA’s (California Building Performance Contractors Association). Dave has trained and taught Title 24, HERS, and Energy Consulting classes for contractors, developers, municipalities, and other jurisdictions. His deep passion for learning about building compliance and energy efficiency shows when he guides others to understanding and meeting/exceeding compliance.

Prior to DuctTesters, he was manager of a HVAC contractor, including management of the sales and the installation crews. Dave worked with wholesale equipment suppliers and manufacturers. He has a strong passion for professional energy consulting, quality testing, and building compliance. He takes pride in helping others interested in understanding their contribution and how it fits into the larger picture, now and for the future. Dave is continuously active in several Building and Energy Associations and Organizations, staying up to date and knowledgeable about ongoing and future regulations, rebates, products, and technology.

Dave also sits on the California Energy Commission’s (CEC) Code Compliance Planning Committee for the 2019 energy code. The 2019 Code is the energy code standards to meet our 2020 Net Zero Energy goal for all new residential construction. Dave will also touch on what is coming for 2019 Energy Code Compliance.

Feel free to bring any energy code compliance questions to this event.
Cordially invites you to the 

30th Annual Installation & Design Awards Banquet

Saturday February 4th 2017
6:30 pm

The French Galerie (hand-scraped engineered oak flooring) celebrates a centuries-old tradition of hardwood craftsmanship. Each plank is hand-scraped and wire brushed by hand, with its own unique design of cracks and knots, creating a look that is both classic and sophisticated. The French Galerie line is available pre-finished in a variety of colors and shades.

Executive Director—Leslie A. Nathan, AIA

The American Institute of Architects (AIA) is the voice of the architectural profession, dedicated to serving its members, advancing their value, and improving the quality of the built environment. Since 1857, the AIA has represented the professional interests of America’s architects. As AIA members, more than 80,000 licensed architects, emerging professionals, and allied partners in design express their commitment to excellence and livability in our nation’s buildings and communities.
2016 AIA/SFV and AIA/SFV Endowment FUND Scholarship Awards at Woodbury University, for the School of Architecture Students

The Grand Critique Presentation was held on November 8th, 2016 at the Woodbury University Campus in the Ahmanson Main Space, School of Architecture Building. Interim Dean of the SoA, Ingalill Wahlroos-Ritter, Marc Neveu Ph.D., Chair of the Architecture Department will also be present during the festivities. The scholarship awards are presented to the three fifth year Grand Critique and eight additional winners selected based on Portfolios submitted by the grad and undergrad students. Short presentations by each of the three Grand Critique winners will be followed by a question and answer forum from the student and faculty audience.

This year the AIA/SFV awarded five—$500 scholarships and an additional three—$500 scholarships reserved for grad students finishing their Woodbury University Architectural studies. Members of the American Institute of Architecture, San Fernando Valley Chapter (which extends from Mulholland Hwy. to the North Los Angeles County Line and the Antelope Valley), have a mission to serve our profession and our community. To further our mission, the AIA/SFV has committed to recognize and encourage architectural students in our community and at Woodbury University by funding scholarships through the school’s Grand Critique Awards program.

We view the education process integrating both the value of design and problem solving to encourage the students as young professionals, to be an integral part of that mission. We believe that architectural students will assume their roles as the future stewards of our built environments and will be called on as visionaries for sustainable environments accommodating social and cultural forces throughout the United States and the world.

The AIA San Fernando Valley Chapter has established an independent endowment account expressly to fund these named scholarships which are being awarded consisting of $1,000 scholarships. We are accepting additional contributions from individuals, companies, design corporations and other sources to further the growth of the endowment program.

1. Architectural Student Selection Award
   AIA/SFV Endowment FUND, Rudolph De Chellis, FAIA Memorial Scholarship Award: **William Ellsworth**

2. Highest Student G.P.A. Award
   AIA/SFV Endowment FUND, George G. Terpatsi, AIA Memorial Scholarship Award: **Michael Turk**

3. Architectural Faculty Selection Award
   AIA/SFV Endowment FUND, Joel Jaffe, AIA and Robin Jaffe, AIA Scholarship Award: **Jessica Gardner**

The awards for the Student Selection, Faculty Selection and Highest Grade Point Average were awarded through Woodbury University, Architectural Faculty and Students. The AIA/SFV Architectural Scholarship Awards were selected considering individual project portfolios submitted by the students. The Grad Students’ Past Presidents Leadership Awards were selected based on graduate level projects/thesis statements submitted with their application for scholarship consideration.

4. AIA/ San Fernando Valley Chapter, Architectural Scholarship Award: **Myint Tun**, 4th yr. Arch. Student
7. AIA/ San Fernando Valley Chapter, Architectural Scholarship Award: **Olgaa Zakharova**, 5th yr. Arch. Student
8. AIA/ San Fernando Valley Chapter, Architectural Scholarship Award: **Kristel Marquez**, 4th yr. Arch. Student
9. AIA/ San Fernando Valley Chapter, Past Presidents Leadership Award for Architectural Studies: **Genevive Enriquez**, Arch. Grad. Student
10. AIA/ San Fernando Valley Chapter, Past Presidents Leadership Award for Architectural Studies: **Joanna Jankowska**, Arch. Grad. Student
11. AIA/ San Fernando Valley Chapter, Past Presidents Leadership Award for Architectural Studies: **Sara Koshk Noei**, Int. Arch. Grad. Student

We are committed to a long term relationship with the only accredited Architectural School within our Chapter boundaries. Over the past 15 years 120–130 student recipients have received awards in various amounts with a total amount sent to Woodbury exceeding $100,000. The Directed Fund was initiated within the California Community Foundation in 2001 with the balance transferred to the AIA/SFV FUND in 2012. The AIA/SFV Fund has now been transferred to Woodbury University bearing the title of AIA/SFV Endowment Fund, to be managed with other university investments but reserved for awards to the School of Architecture students. It is expected to remain a depository for donations received through the chapter office including specific endowment fund raising activities.

Please contact the chapter offices who can provide further instructions to contact and work directly with the AIA/SFV Endowment Fund through Woodbury University.

The School of Architecture at Woodbury University is an AIACES Provider.
THE COMPETITION:
The competition involves the design of a neighborhood park in Los Angeles to be built by the city. It will include a playground, sports facilities and related buildings. This competition meets all new AXP guidelines as outlined by NCARB. It will include mandatory requirements which will gain participants 160 core hours. Optional electives can also be earned up to an additional 75 core hours. Everyone wins in this contest! Participants receive core hours and juries will be held to select the best submissions: Meet program requirements and add design creativity and sensitivity to win the following prizes.

PRIZES:

<tr>
<td>3rd Place:</td>
<td>3rd Place:</td>
</tr>
<tr>
<td>$400.00</td>
<td>$400.00</td>
</tr>
</tbody>
</table>

WHO IS ELIGIBLE?:
The competition is open to all NCARB/AXP participants. The project submissions can be from individuals or teams. Credit for IDP hours is available to all participants working with a mentor. Each participant will be responsible for self-reporting hours as detailed in the AXP Guidelines. A maximum of 235 hours are available. Intern and student submissions will be judged separately.

SCHEDULE:
Registration Due        Wednesday, January 11, 2017
Submissions Due         Monday, March 6, 2017
Winners Announced       Thursday, April 13, 2017

HOW TO ENTER:
Find the application form and program requirements at www.aiasfv.org.
Complete and mail application to:
AIA San Fernando Valley
5121 Van Nuys Blvd, Suite 200A
Sherman Oaks, CA 91403

Along with application, submit fee by check (Interns: $75 for AIA Associate members/$100 for non AIA members. Students: $50 for AIAS members/$75 for non AIAS members). Teams will pay the individual fee for each member of the team.

Please submit your design package to aiasfvidpsubmissions@gmail.com.

IN THE NEWS...

Architects Issue Statement on 2016 Election Results
Washington, D.C., November 9, 2016
The American Institute of Architects (AIA) today issued the following statement on the election of Donald Trump as President of the United States, as well as the incoming 115th Congress. Please attribute to AIA Chief Executive Officer Robert Ivy, FAIA.

“The AIA and its 89,000 members are committed to working with President-elect Trump to address the issues our country faces, particularly strengthening the nation’s aging infrastructure. During the campaign, President-elect Trump called for committing at least $500 billion to infrastructure spending over five years. We stand ready to work with him and with the incoming 115th Congress to ensure that investments in schools, hospitals and other public infrastructure continue to be a major priority.”

“We also congratulate members of the new 115th Congress on their election. We urge both the incoming Trump Administration and the new Congress to work toward enhancing the design and construction sector's role as a major catalyst for job creation throughout the American economy.”

“This has been a hard-fought, contentious election process. It is now time for all of us to work together to advance policies that help our country move forward.”

Project Manager / Job Captain
PK: Architecture Inc.— Agoura Hills, CA

Architectural AutoCAD Drafter (Job Captain)

We are a small full service Architectural Firm located in Agoura Hills, CA. We are currently looking for a proficient AutoCAD Draftsman with qualified architectural experience (BARch or similar), and understands Construction methods and processes, with min. 10 yrs. experience in commercial, industrial, retail and tenant improvement projects. Duties will include management of construction documents for multiple projects. Prefer skills in AutoCAD, Photoshop, Sketchup, Adobe Illustrator and Excel. Our office is a professional and collaborative environment in need of an additional team oriented individual.

E-mail Resumé: contact@pkarchitecture.net

Single and unattached Architecture firm seeks like-minded design professionals to share office space.

Prefer those with a weakness for aesthetics and aspirations toward greatness. Amenities provided.
